NEWTON CLASSES

Class 10 Bihar Board — Exam Preparation Checklist

Learn Today. Lead Tomorrow.

How to use your notes

1. Read the relevant textbook section first.
2. Revise the matching short notes.
3. Write formulas and definitions from memory.
4. Solve textbook and practice questions.
5. Check mistakes and revisit weak topics.

Weekly revision routine

Day 1–2: revise concepts and make a short summary.
Day 3–4: solve examples and textbook questions.
Day 5: attempt a timed practice set.
Day 6: check mistakes and revise weak concepts.
Day 7: take a short self-test and plan the next week.

Before the exam

■ Confirm the current syllabus and exam pattern with your school or current official Bihar School Examination Board materials.
■ Practise writing calculation steps and units.
■ Practise labelled diagrams and balanced equations where relevant.
■ Keep a separate error list and revise it regularly.
■ Read each question carefully and manage time during practice.

Note: This is a general study checklist, not an official BSEB document or a complete syllabus.
